**INTERNATIONAL WORKSHOP ON  
Reliability Theory and Survival Analysis  
(November 3-5, 2016)**

The Department of Statistics, Savitribai Phule Pune University has privilege to organize an International Workshop on “Reliability Theory and Survival Analysis” during November 3-5, 2016.

The aim of the workshop is to make the meet as a rendezvous of statistical researchers to explore their remarkable contributions and journey through new vistas of the statistical innovations in the reliability and survival analysis and excel the creativity of the delegates and spur them to contribute remarkable and productive research outputs. There are some tutorial sessions, review talks and advanced research talks by eminent statisticians. There are also sessions for young research students who can present their work and get guidance from the senior statisticians in order to enhance their research work. There will be some discussion sessions which are open to all research students. Students can get advice from the eminent statistician to solve their queries and doubts.
