Sub: Recruitment of Engineers(Trainees).

Dear Sir/ Madam,

NPCIL is a Government of India Enterprise under the administrative control of Department of Atomic Energy(DAE). The mission of the company is to develop nuclear power technology and to produce nuclear power as a safe and environmentally, benign and economically viable source of electrical energy to meet the increasing electricity needs of the country.

NPCIL is the only Government of India Enterprise engaged in **Design, Construction, Commissioning and Operation & Maintenance of Nuclear Power Plants in India.** NPCIL is operating 19 Nuclear Power Plants and five Units are under construction.

Nuclear Power Corporation of India Limited has steered India's nuclear power programme as a viable supplement to fossil power and a possible answer to India's growing energy demands in the long term ever since NPCIL's inception in 1987.

Now as India enters a sustained growth of approx. 7%, NPCIL is poised for a quantum growth to cater to India's energy thirst through indigenous competence enhancement and global alliances.

Contd..2/-

All our Nuclear Power Stations are ISO 14001 (Environmental Management System) certified. NPCIL enjoys "AAA" Crisil rating in the market and ranks very high amongst the top companies of India.

We are in process of recruiting Engineers (Trainees) and the abridged version of the advertisement will be published in Employment News of March 19-25, 2011 and in other leading news papers during the period March 14 to March 18, 2011.

Enclosed please find two Nos. of posters regarding the abridged version of the advertisement. It is requested that the same may please be arranged to be displayed in prominent locations of your college/institute for wide publicity. Needless to mention that Nuclear Power Corporation of India Limited (NPCIL) offers a **challenging career to Engineers** in all major spheres of Science and Technology.

Online applications are being invited from 22.03.2011 and the last date for receipt of application is 31st March 2011. The students who are appearing for their final semester exam and whose results are awaited may be encouraged to apply.

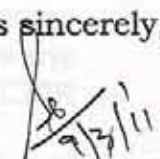

An All India **online test** will be conducted for various disciplines (**Mechanical, Electrical, Electronics, Chemical, Instrumentation and Civil**) in 22 cities in India during the period April 19-23, 2011. Based on the online test, candidates will be shortlisted for appearing for interview before a Selection Committee at Mumbai.

The selected candidates will be required to undergo specified training in any of Nuclear Training Centers of NPCIL located in various parts of the country. On successful completion of training, they will be absorbed as Scientific Officers/C (Group 'A') in any of the Units/Sites of NPCIL.

We once again request that the **poster(s)** may please be arranged to be **displayed** on important locations in your Institute and students may be encouraged to apply against the advertisement. For further details students have to visit our websites **www.npcil.nic.in/main/JobsRecent.aspx**.

Thanking you,

Yours sincerely,

(S. K. Agrawal)
