Call for Participation: I-CARE 2011

Dear Sir/Madam,

It is my pleasure to inform you that IBM Research – India is organizing the 3rd IBM Collaborative Academia Research Exchange (I-CARE) workshop on October 13, 2011, in New Delhi. I-CARE 2011 will be held in conjunction with IBM's Centennial Colloquia, and will have the theme: "India 2020 – Challenges and Opportunities". Following the success of workshop in 2009 & 2010, this year's event is scheduled at New Delhi and will provide an outstanding opportunity to the academic community, especially students, to learn about various industry issues, innovative solutions, and new research directions. The topics of the workshop include:

Track - I	Smarter Cities: Solutions for energy, traffic & transportation and public safety, including sensor networks and cyber-physical systems.
Track - II	Services for Emerging Countries: Innovative models and technologies for delivering services to citizens and improving services quality
Track - III	Programming Languages and Software Engineering: Automated software quality tools (testing, debugging, etc.), empirical software engineering
Track - IV	Next Generation Systems: High Performance Computing, scalable/distributed architectures, network/cloud computing, and data centers

I am attaching the Call for Participation with this letter. Request you to put up the CFP at your notice board and encourage your students and faculty colleagues to submit their abstracts for Poster/Demo presentation at the workshop.

For each selected poster or demo, a partial travel stipend (Rs 3000/-) will be provided to out-station students (i.e., other than Delhi) to help defray workshop attendance costs (travel, lodging etc). Best Poster in each track and Best Demo will be awarded by a jury.

If you need any clarification, you may contact me at rajks@in.ibm.com.

We look forward for participation from your institution.

Yours Truly

Raj K Sharma
Event Manager, I-CARE 2011

Executive Sponsor

Manish Gupta, *IBM Research*

General Chair

N. Balakrishnan, *IISc Bangalore*
Raghu Krishnapuram, *IBM Research*

Program Committee Co-Chairs

Pankaj Jalote, *IIIT Delhi*
Prasan Roy, *IBM Research*

Track Chairs

Smarter Cities

Amarjeet Singh, *IIIT Delhi*
Ullas Nambiar, *IBM Research*

Services for Emerging Countries

Amit Agrahari, *IIM Lucknow*
Ashish Verma, *IBM Research*

Programming Languages & Software Engineering

Ansuman Banerjee, *ISI Kolkata*
Diptikalyan Saha, *IBM Research*

Next Generation Systems

Srinivas Aluru, *IIT Bombay and Iowa State University*
Yogish Sabharwal, *IBM Research*

Program Committee (Incomplete)

Aditya Kanade, *IISc Bangalore*
Akshat Verma, *IBM Research*
Ameey Karkare, *IIT Kanpur*
Ankush Mittal, *COE Roorkee*
Bikram Sengupta, *IBM Research*
Biplav Srivastava, *IBM Research*
Debdoot Mukherjee, *IBM Research*
Indrajit Bhattacharya, *IISc Bangalore*
Kishore Kothapalli, *IIIT-Hyderabad*
Krishna Kummamuru, *IBM Research*

I-CARE 2011 & IBM Centennial Colloquia

Call for Submissions Research Poster and Demo Competition

October 13, 2011
IBM Research - India
New Delhi

IBM Research – India is pleased to announce the 3rd *IBM Collaborative Academia Research Exchange (I-CARE)* workshop on October 13, 2011, in New Delhi. I-CARE 2011 will be held in conjunction with IBM’s Centennial Colloquia, and will have the theme: “India 2020 – Challenges and Opportunities”.

As India continues on her growth path, there are many new opportunities and challenges related to building a better nation in a smarter and sustainable manner. This year’s I-CARE and Centennial Colloquia will provide a forum to explore new frontiers in technology to address these complex challenges and leverage new opportunities. Eminent speakers from the academia, industry and government will take part in the event, thus providing a rare opportunity to the participants to learn about various scientific and industry advancements, innovative solutions, and new research directions. I-CARE 2011 will be organized along four tracks as described below:

Track - I	Smarter Cities: Solutions for energy, traffic & transportation and public safety, including sensor networks and cyber-physical systems.
Track - II	Services for Emerging Countries: Innovative models and technologies for delivering services to citizens and improving services quality
Track - III	Programming Languages and Software Engineering: Automated software quality tools (testing, debugging, etc.), empirical software engineering
Track - IV	Next Generation Systems: High Performance Computing, scalable/distributed architectures, network/cloud computing, and data centers

Poster and Demo Submissions

Faculty members, researchers, students (graduate and undergraduate) from technical, management and design streams are encouraged to submit their abstracts (limited to two pages for each abstract), with details of the poster or demo – title, author name, author title (Faculty/Student enrolled for PhD/MTech/BTech/MBA) as per the submission instructions on the workshop website.

For each selected poster or demo, a partial travel stipend (Rs 3000/-) will be provided to out-station students (i.e., other than Delhi) to help defray workshop attendance costs (travel, lodging etc). Best Poster in each track and Best Demo will be awarded by a jury.

Important Dates:

Poster/Demo Abstract Submission: August 16, 2011
Acceptance Notification: September 15, 2011

For submission guidelines and other details, visit:
